MEDIA ADVISORY

Columbia, S.C. – November 23, 2004 – The South Carolina Department of Motor Vehicles is in the process of moving its headquarters offices from Columbia to Blythewood. Effective December 1, 2004, all SCDMV headquarters operations will be located in the new Blythewood facility. The move unifies the agency headquarters, which was previously located in three separate facilities throughout Columbia.

The agency began moving offices to the Blythewood facility in October and will move the last offices on November 30. The new facility is located at 10311 Wilson Boulevard. To save customers a trip to Blythewood, SCDMV chose to move some services that were previously offered at headquarters to other, more convenient locations in the Columbia area.

Title Research Services has moved from its Park Street location to the Dutch Plaza branch office located at 800 Dutch Square Boulevard, Building A, Suite 100. Specialized Services previously moved to the SCDMV branch office located at 1630 Shop Road.

DMV customers also have the option of processing many transactions online at the DMV website www.scdmvonline.com.
